Watkins Street Press

Please join the museum in the celebration of its historical connections to local industries when it is open by appointment, usually during Wednesdays from 11 AM to 3 PM. The museum building remains closed for visitors at this time, but the trails and outdoors are open. The museum will be reopening soon. To arrange a time to pick up your Kid's Science Kit and take a walk on the trail to see forest birds. Please call ahead to arrange a time.

Volunteers are doing much needed cleaning in the pond. Learn about frogs, turtles, snails and wetland plants. July 29, Thursday, 10 AM, Pond Study. July 26, Monday, 1 PM to 2:30, Nature Journaling With Abbie andtry old fashion toys from 100 years ago.

All programs are dependent on the weather. July 19, Monday, Nature Art Activities, 1 PM to 2:30 PM and creating labels for reptiles. The new labels will better inform visitors about reptiles. Lizards and alligators. The new labels will include learning about and storing museum natural history and archival collections.
