Invitation to the New Portraits Exhibit

The museum was recently donated two paintings depicting lake scenes by Mercury Southworth, “The Old House” and “Lake Bates,” dated 1920. These two paintings were displayed in the summer 2021 exhibition.  The public is invited to view these paintings, as well as Southworth’s other work, at the museum this summer. The paintings are part of a larger collection of Southworth’s work that will be on display in a future exhibition. To view pictures of the 2021 exhibited portraits, please visit the museum’s website, www.gwh.org/lcbates.

Three Historic Windows are Being Preserved

Included in the L.C. Bates Museum 1928 Historic Cabin Restoration Project are the three historic windows in the front of the museum. The museum was recently donated an exceptional preservation woodworker, up on the staging beginning in May, by Steve Dionne, an excellent preservation woodworker, and new window preservation will begin this fall.
