

# **L.C. Bates Museum**

## **At Good Will-Hinckley**

**September 23**

### **Activities Calendar**

**Saturday, September 2 nd, 10 AM**

#### **Bills and Beaks Tell What They Eat**

Put on your wildlife biologist cap, and hone your observational skills, as we follow the clues we find in various birds' beaks to learn about their lifestyles and behavior. Why do hummingbirds have long, skinny beaks, while the Red Crossbill has a unique, asymmetrical beak? Plus, make a bird craft to take home!

**Saturday, September 9th, 10 AM**

#### **Endangered Animals Tour**

In this guided tour, we will highlight some of the endangered, threatened and an extinct species found in the museum's collection. We also, happily, get to talk about some species that have made remarkable recoveries thanks to recent conservation efforts!

Children Always Enjoy Doing Bird, Mammal and Reptile Scavenger Hunts  
in the Museum Galleries

**Admission - Adults: \$4 - Under 18: \$1**

\*Activities included with admission unless otherwise noted\*

## Saturday, September 16th, 10 AM

### NISE Earth and Space Activities—

Explore Earth and Space activity kits and materials developed and donated to many museums including the L. C. Bates by NISE. Try making clouds, learn about craters, moon quakes, light pollution and more. And, Send up a stomp rocket.

## Saturday, September 23rd, 10 AM

### Old Time Toys

Try toys and games from the early 1900's. Make and spin a top toy, look through a stereopticon, roll a hoop, play Graces, draw with a slate pencil on a slate board and more. Come see what were popular activities with children 100 years ago.

## Saturday, September 30th 11 AM to 3 PM
